Find your best fitting size with garment to garment comparison:  
To work out the most accurate size fit, compare your own favourite fitting garment size to ours. You can do this by measuring the 1/2 chest of your garment (laid flat, measured 1cm below the sleeve join, from side seam to side seam) and compare the measurement to our size chart. Don't order your usual size by habit as sizes can vary between different manufacturers.
- Heart Foundation Walking milestone discount vouchers are not redeemable on any orders placed with Topline.
- Orders placed with Topline over the value of \$80 do not qualify for free delivery
